

TOGGLE LATCH

HL132-CP

Material: Carbon steel
Finish: Zinc plate passivate (Yellow)
Weight: 0.0373 Kg
Padlockable: No
Safety: No
Strength/UTS: 800 Kg**

****Strength /UTS** - The figures for the ultimate tensile strength (UTS) have been determined by tensile tests in a normal working load direction on standard products and do not include any safety factors. A maximum load rate of 30mm per minute was applied throughout the tests. The UTS figures are shown in Kilograms and for a safe working load we suggest that approximately half of the ultimate strength figure is used.
